- If you are a high schooler who is looking for some guidance click on the **High School Student tab**
- If you are an adult looking for guidance with postsecondary options click on **Adult Learners tab**

Adult Learners

Each year, MassEdCO advisors provide education and career readiness services to about 7,000 adults throughout Massachusetts. Our goal is to help our adult clients make postsecondary choices that are both good academic and financial fits.

Thinking of a vocational program or 2 or 4-year degree program? Finding the right school and the right program at the right net price is critical to your success. Our MassEdCO staff and partners are prepared to help adults (typically 19 and older) at any of our regional sites throughout the state select the right program for you.

For a quick look at the free services we offer, take a look at the Checklist. To find a participating Educational Opportunity Center, take a look at our locations.

Programs & Tools

Each year, MassEdCO advisors provide education and career readiness services to about 12,000 low-income, first generation college bound students and adults. Here's a closer look at our programs and some of the tools we've created to help students and adults make postsecondary choices that are both good academic and financial fits.
