Icebreaker!

Have you ever used Google Classroom before? How would you like to use it in your future instruction?

What is Google Classroom and Why Use it

The What:

Google Classroom is a free web service developed by Google for schools and organizations that aims to simplify creating, distributing, and grading assignments.

The Why:

❏ Easily Integrates with Google Suite
❏ Free
❏ User-Friendly

Reminders:

- ❏ Make sure you organize all assignments with topics.
- ❏ Recommend that you give a point value to all work to incentivize completion.
- ❏ Make sure students understand expectations of using google classroom.
- ❏ Recommendation: unsubscribe from notifications to your Google Classroom
